01. Footnote for uncertain tax position under FIN 48 (Part X)

The accounting standard on accounting for uncertainty in income taxes addresses the determination of whether tax benefits claimed or expected to be claimed on a tax return should be recorded in the financial statements. Under that guidance, the League may recognize the tax benefit from an uncertain tax position only if it is more likely than not that the tax position will be sustained on examination by taxing authorities based on the technical merits of the position. Examples of tax positions include the tax-exempt status of the League and various positions related to the potential sources of unrelated business taxable income (UBIT).

Part XIII Supplemental Information (continued)

01. Footnote for uncertain tax position under FIN 48 (Part X)

The tax benefits recognized in the financial statements from such a position are measured based on the largest benefit that has a greater than 50% likelihood of being realized upon ultimate settlement. There were no unrecognized tax benefits identified or recorded as liabilities at year end.

The League's policy would be to recognize interest and penalties, if any, on tax positions related to its unrecognized tax benefits in income tax expense in the financial statements. No interest and penalties were assessed or recorded during the year.

Explanation

Advocacy - National, state and local bicycle advocacy: The League of American Bicyclists promotes and protects the rights of cyclists through advocacy, education and promotion. We advocate for cyclists on Capitol Hill and to the U.S. Department of Transportation and other Federal Agencies. We work with our affiliates to affect state and local laws, policies and programs. Our online advocacy center alerts cyclists to issues that affect them, and offers them a voice in how cycling is viewed by lawmakers in America. In March, we successfully held the 14th national bike summit, an annual advocacy meeting that brings cyclists to Capitol Hill to speak with representatives and senators. Bicycle Friendly America Program: The league is changing the look of America with the bicycle friendly state, community, university and business programs. These programs offer technical assistance from league staff, an in-depth application that gives participants an opportunity to self-evaluate, and feedback to all applicants recognized or not. The program, launched in 2003, encourages applicants to provide better facilities, encouragement activities, infrastructure and education for cyclists and publicly rewards them for doing so. Each application has specific questions that address the importance of encouraging and enabling underserved populations to bike for transportation.
