

BICYCLE FRIENDLY STATE

Historical Ranking 2008-2019

For comparisons across years, please note that the survey questions and their scoring weight have evolved over the years to reflect feedback and changes in federal funding laws.

There was no 2016 or 2018 ranking. Throughout 2016, we conducted extensive outreach to state bicycle and pedestrian advocates and state Department of Transportation bicycle and pedestrian staff in order to improve our survey and ranking. Over the course of that process, we received and reviewed over 700 comments about which questions should be a part of our survey and the importance of those questions. Between 2015 and 2017 there was a two-thirds reduction in survey length.
