OVERALL POINTS

50.1 of 100 2013: 50.0 of 100

FEEDBACK

- Adopt a safe passing law with a minimum distance of 3 feet to address bicyclist safety.
- Adopt a vulnerable road user law that increases penalties for a motorist that injures or kills a bicyclist or pedestrian.
- Adopt a law prohibiting a motorist from opening an automobile's door unless the motorist is able to do so safely.
- Provide specific training to engineers and planners on how to implement the Complete Streets/ Accommodation Policy in everyday decisions.
- Adopt performance measures, such as mode shift or a low percentage of exempted projects, to better track and support Complete Streets/ Bike Accommodation Policy compliance.
- Adopt a policy requiring state office buildings, state park and recreation facilities, and other state facilities to provide bicycle parking.
- The state could spend more federal funding on bicyclists and pedestrians. Adopt project prioritization criteria for federal funds that incentivize bicycle projects and accommodations.
- Adopt a statewide bicycle plan that addresses each of the five "Es", has clear implementation actions, and performance measures to gauge success.
- Adopt a mode share goal for biking to encourage the integration of bicycle transportation needs into all transportation and land use policy and project decisions.
- Ensure that bicycle safety is a major emphasis in all transportation projects, programs and policies.
