FEEDBACK

Produced in collaboration with community stakeholders in a workshop hosted by Bike/Walk Central Florida and Healthy Central Florida:

Adopt a complete streets policy with implementation guidance and performance measures.

Launch a public bike share system that ties in with Orlando Bike Share.

Create a network and map of family-friendly bike routes including bike boulevards and add separated bicycle facilities on high speed/volume streets.

Develop and scale a regional public safety awareness campaign to educate both motorists and cyclists of the rules, and their rights and responsibilities.
