KEY STEPS TO SILVER

- » Appoint an official Bicycle Advisory Committee (BAC) to create a systematic method for ongoing citizen input into the development of important policies, plans, and projects.
- » Implement the new bike plan.
- » Continue to expand the on and off street bike network, especially along arterials, through the use of different types of bicycle facilities. On roads where automobile speeds exceed 35 mph, it is recommended to provide protected bicycle infrastructure.
- » It is essential to make both motorists and cyclists aware of their rights and responsibilities on the road. Continue to expand your public education campaign promoting the share the road message.

- » Encourage local businesses to provide discounts for customers arriving by bicycle or promote existing bicycle discount programs.
- » Ensure that police officers are initially and repeatedly educated on traffic law as it applies to bicyclists and motorists. Ask police officers to target both motorist and cyclist infractions to ensure that laws are being followed by all road users. Ensure that bicycle/motor vehicle crashes are investigated thoroughly and that citations are given fairly.
