APPLICATION TIPS

» There is no one-size-fits-all equation for a Bicycle Friendly Business. The conditions that make your business unique -- age, size, industry, location -- are important when determining how you can best encourage and support bicycling, and will be taken into consideration when we review your application. Be sure to help us fully understand your business by providing a thorough picture of who you are and what you do.

» Your goal should not be to check every box on this application. Instead, aim to check at least one box in every section. We’ve provided a comprehensive menu of all the ways your business can be bicycle-friendly, and some options are more valuable than others, but we don’t expect any business to do everything on the list. In fact, some things are impossible for certain businesses (like customer discounts, if you’re not a retail business), so don’t sweat the items that don’t apply to you.

» Unless a question specifically asks about future plans, only check boxes for things you’re currently doing. Businesses who inflate their points by checking boxes for things they plan to do are doing themselves a disservice: if we can’t get a clear sense of where you are now, our feedback won’t cover all the things we’d recommend if we had the full picture. It also means that when you renew, if you didn’t follow through on your plans, you might backslide and move down in award levels. No one wants that! If you’re a new business and all you have are plans, consider waiting a year before you apply to the BFB program.

» If you’re doing something that isn’t listed, or goes above and beyond any of the options, please tell us! Use the bonus point questions at the end of each ‘E’ section and the ‘Final Overview’ section at the end of the application to give us more details. This not only helps us to better understand your business, it also helps improve the program by identifying new trends and best practices.

» Don’t be shy to tell us about your weaknesses. This gives us a more accurate snapshot of your business, and displays that you are critically evaluating the business’s internal efforts, which is an important component of the final ‘E’, Evaluation & Planning. We will encourage you to continue to improve no matter what, but we love to see you demonstrate that you already have an understanding of how the business can keep working toward bicycle-friendliness.

» After the BFB application deadline passes, the League will email you a survey link to distribute within your business, so that we can hear directly from employees (and, if appropriate, customers, guests, and/or the general public) about their bicycling experiences at your business. The League will also reach out directly to local bike advocates in your area for their input. Your submitted application, and this local input, will be reviewed by a national team of experts. Awards are normally announced 2-3 months after each deadline, and local survey input will be included anonymously in your feedback materials.

Please note this document is a preview only.

Applications must be submitted through the online form, available at apply.bikeleague.org.

SUPPLEMENTARY MATERIALS

OPTIONAL: If you would like to share any supplemental materials to support your application, please upload up to 10 supplementary files at the end of your online application.

The League wants to showcase the places, organizations, and businesses working to build a Bicycle Friendly America for everyone. By sharing photos of your bicycling programs, community involvement, or staff biking to work, you’ll help us highlight your business’s commitment to making bicycling better.

By submitting photos, you are granting the League of American Bicyclists the right to use your images to promote bicycling.

TO SUBMIT AN APPLICATION, VISIT APPLY.BIKELEAGUE.ORG.

Payment is required before you may submit an application. See the online application for payment screen.

WHAT TO EXPECT AFTER YOU APPLY.....

After the BFB application deadline passes, the League will email you a survey link to distribute within your business, so that we can hear directly from employees (and, if appropriate, customers, guests, and/or the general public) about their bicycling experiences at your business. The employee survey is optional but highly encouraged. The League will also reach out directly to local bike advocates in your area for their input.

Your submitted BFB application, and this local input, will be reviewed by a national team of experts. Awards are normally announced 2-3 months after each deadline, and local survey input will be included in your feedback materials following the awards announcement.
