Scoring: 5 = High 1 = Low

2 Legislation and Enforcement

1 Policies and Programs

1 Infrastructure and Funding

3 Education and Encouragement

1 Evaluation and Planning

Feedback

- Adopt a vulnerable road user law with a minimum safe passing distance to address bicyclist safety.
- Adopt a statewide Complete Streets policy. The National Complete Streets Coalition has a model state policy and other resources to ensure adoption and implementation.
- Dedicate state funding for bicycle projects and programs, especially those focused on safety and eliminating gaps and increasing access for bicycle networks. This is more than just a Share the Road campaign.
- Host at least one of the following encouragement events: Bike to Work Day, Bike to School Day, Bike Month, Winter Bike to Work Day, commuter challenge.
- Establish a statewide bicycle advisory committee to provide accountability for bicycle projects and programs that includes diverse representation, formal inclusion in decision making, a workplan, and regularly held meetings (at least quarterly).
- The League completed the state's BFS application. We strive to provide accurate information, but not every question can be answered without the state's participation.

One Bicycle Friendly Success

Second Sunday Ciclovias is the only statewide ciclovia event in the country

Top Tip for Improvement

Adopt a state bicycle plan and establish a bicycle advisory committee to oversee implementation
